Education

SMK Muhammadiyah 2 Genteng

Vocational School • 2021 - Now

During my studies at vocational school (SMK), I delved into electrical engineering and actively participated in research projects such as the development of automatic control systems and integrated circuit design. I also took advanced courses in microcontroller programming and digital communication techniques.

Pondok Pesantren INSAT Muhammadiyah

Islamic boarding school • 2019 - 2021

During my junior high school years, I was involved in various extracurricular activities such as robotics, IPM (Ikatan Pelajar Muhammadiyah), and Tapak Suci. This helped me realize that there are wonderful things in the world.

Course

BCA Cash Management

SMK Muhammadiyah 2 gentang

Jul 2023 - Sep 2023
